Beautiful **KIOWA VALLEY** Colorado

Just 35 miles east of Denver and on the Union Pacific is the now famous Kiowa Valley, where but a few years ago there was nothing but big grass, rich soil, abundant rainfall and thousands upon thousands of the finest acres of land known anywhere. Today this long, narrow valley is dotted from end to end with beautiful and productive farms and happy farmers. What has been done there in making money and improving the country in the last five years surpasses what was done in the Missouri river states in the past 75 years. The greater part of the farms have beautiful improved homes (many modern as any city home), big red barns, silos, grand roads and good fencing.

We have sold many, many farms to the best farmers in Missouri, Iowa, Illinois, Kansas and Nebraska, who today are prosperous and will bear us out when we say that any good farmer or stockman will make twice the money there on an investment that they will make in the states of Illinois, Missouri or Iowa. If you are thinking of buying a farm or ranch you should see the Kiowa Valley before you spend a cent for land. We will be glad to refer you to anyone who lives there or has bought land for further information. If you are thinking of making a change, our Valley is only 35 miles from the great city of Denver, and the cleanest and most beautiful city anywhere. Our climatic conditions are the best and most healthful in the world. For further information, write

SHIRNERS' BIG CEREMONIAL

St. Joseph is in the grip of the Shirners—the city having been formally turned over to them yesterday, when a force of at least 1,000 marched over the principal streets to the music of five bands, and performed the opening part of the grand ceremonial session which lasted until far into the night and during which 125 were sent over the hot sands. Delegates were here from Des Moines, Leavenworth, Omaha, Sioux City and Kansas City.

The Fakes of Fakir Simonds

Frank Simonds, one of the American newspaper writers in France, was once looked upon during the war as the keenest and most accurate writer from this country. Of late he is fast gaining the reputation as an alarmist, and as one who tries to write about many things he is not familiar with—many things where he is on the outside looking in. To attempt to write upon any topic without having all the facts at hand always gets the writer in an embarrassing position, no matter how intelligent he may be.—Milan Standard.

PUBLIC OWNERSHIP IS ACTIVE

The municipal and the Public Ownership League are holding nightly meetings in the interest of the bond propositions. Tonight there will be a meeting at the Sherwood school in South Park, at which E. M. Stevens of Kansas City will be the principal speaker.

LOCAL MATTERS OF GENERAL INTEREST

Dr. Nerinx, former mayor of Louvain, addressed the various clubs of the city at a dinner at the Robidoux Tuesday night. The Rotary club had charge of the arrangements.

J. R. Clay made the presentation speech Monday night, when retiring city counselor Faust was presented with a handsome desk and chair by his associates at the city hall.

Students in the Junior College, St. Joseph, will be addressed by Dr. W. J. Hawkins, field secretary of Washington University, Monday, April 28, on the peculiar importance at this juncture in the nation's life of men and women with minds broadened by higher education and made capable of solving the vital problems arising from the war and which will demand attention for years to come. Dr. Hawkins is widely experienced in educational work in high schools and colleges and, besides, is a close student of and logical reasoner on events having bearing upon history. Parents and guardians of students are invited to hear his address.
